

src/tests/architecture\_with\_modules.cpp

```
graph TD; A[src/tests/architecture_with_modules.cpp] --> B[abstractui.h]; A --> C[module.h]; A --> D[iostream];
```

The diagram illustrates a C++ source file, `src/tests/architecture_with_modules.cpp`, which includes three header files: `abstractui.h`, `module.h`, and `iostream`. The source file is represented by a grey box at the top, and the three header files are represented by white boxes below it. Three blue arrows point from the source file box to each of the header file boxes, indicating the inclusion relationship.
